ing State Legislature from Beulah, Crook
Co., in letter dated February 29, 1899, to the

Sutherland Sisters

says: "According to agreement made
in Salt Lake City, if your preparations
proved a benefit to my hair, I was to
send you a testimonial. There is a fine
growth of new hair started. An not

WISCONSIE NOT FOUND.

His Friends Claim He Is Not Far
Away—City Officials Fear the
Loss Will Be Heavy.For the second time within the past
three years the authorities of Argentine
have been called upon to attempt to lo-
cate one of the city's most prominent men
and officials. Less than three years ago
the city was discussing the failure of
the Argentine bank and the subsequent
departure of its cashier, George A. Tay-
lor. This time it is exactly Treasurer John
E. Wisconsie.As told in The Journal yesterday morn-
ing, Wisconsie made the assignment of his
hardware store and all of his real estate
to the city and then departed for parts
unknown, leaving the city \$25,000 in debt.
The property assigned to the city consists
of the store and hardware stock, two
buildings and lots and two vacant lots in
Argentine, two lots in Turner and all of
his accounts and notes owned by the ex-
treasurer. Opinions differ widely on the
value of the above, but the most conserva-
tive business men in Argentine claim that
if the affairs are managed right the city will
not lose anything.H. A. Bailey, Wisconsie's attorney, stated
yesterday that he was positive that the
city would not lose a cent and that the
standing trial for a matter which in a
few days will be decided by Judge Bailey
will be a satisfactory adjustment of the
Bailey claim that the notes and accounts
turned over amount to over \$100,000, which
together with the other property worth
more than the amount of the shortage.The mayor and members of the council,
however, claim that the city will get less
than one-third out of the assets left by
the ex-official and yesterday offered a re-
ward of \$500 for his capture. Besides the
civil action was commenced in the district
court of Wyandotte county against Wis-
consie and his bondsmen to recover \$75,000.
The bondsmen are: R. B. Brown, J. H.
McMahon, Thomas McKee, J. H. Hen-
derson, Charles Frank, and John E. Hen-
derson. They will make a desperate effort to defeat
the suit on the grounds that they were on
Wisconsie's bond only for the two years he
served and that during the past year the
city has had no right to sue him.T. M. Lynch stated yesterday that
he intended to fight the case on these
grounds. He said that he had been asked
to sign a bond for \$50,000 on the stock of hard-
ware Wisconsie assigned over to the city.
He said that he had been asked to sign the
bond after the Argentine bank failed and
that he had been asked to sign it from
being a bondsmen, as he was one of the
bank's bondsmen.Wisconsie's friends claim that
he has not gone far, and will return when
the excitement subsides and face the
charges.

Bluecoat Played Even.

Because he refused to talk after he had
been arrested yesterday to aid the health au-
thorities in caring for the smallpox pa-
tients at the pesthouse, Dr. W. H. Brown
was fined \$25 in the police court yesterday
morning for insulting a woman on the street.
His excuse was that he had been drinking
and was not in his right mind. The officer
arrested him on a charge that he had in-
sulted a woman on the street. He was
fined \$25 and was released on his own
bond for thirty days.

Police Pickings.

Chief Hayes appointed four more special
officers yesterday to aid the health au-
thorities in caring for the smallpox pa-
tients at the pesthouse.Dr. W. H. Brown was fined \$25 in the police
court yesterday morning for insulting a
woman on the street. His excuse was that
he had been drinking and was not in his
right mind. The officer arrested him on a
charge that he had insulted a woman on
the street. He was fined \$25 and was
released on his own bond for thirty days.

WAS ROUGHLY HANDLED.

Patent Medicine Fakir Tossed About
by a Mob—Had Several Knife
Wounds.D. W. Horn, a patent medicine man, had
an exciting experience last night in Kan-
sas City. He was being sold his patent
medicine to the people of Armourdale,
which is the Sixth ward of Kansas City,
Kas., for the past few days. He has been
selling his remedies for \$1 per bottle, with
the understanding that if the purchaser
is not satisfied with it the money would be
promptly refunded. It appears that several
people returned bottles of the medicine,
but the doctor refused to refund the money.
Last night Horn appeared at his usual
location and began to sell his medicine.
He had scarcely arisen in his buggy to
begin the sale of his drug when someone
in the crowd shouted "Fakir!" and the
doctor was jerked from his buggy and was
being tossed about in an helpless condition
as a toy balloon in a Kansas cyclone.
He used his tongue to good advantage and
his yell for police call drew a crowd of
men and women. The doctor, with the as-
sistance of a crowd of men, refused the medicine
man from the wrath of the mob.
He was taken to police station No. 2,
where he was guarded until after the
crowd of angry men had been dispersed.
When rescued from the crowd nearly all
of his clothes were torn and he was a
person, and there were several knife
wounds on his arms and body. None of the
understanding that if the purchaser is
not satisfied with it the money would be
promptly refunded. No arrests were made.

church, corner Seventh street and Wash-
ington avenue, next Friday night. There
will be six contestants, all of whom have
reputations as orators. An admission of
15 cents will be charged, the proceeds to
be given to the public library of the city.
The half dozen pupils to contest for honors
are: Ray Adams, Lydia Reigen, Ralph
Nelson, Gertrude Elliott, Leon Marsh and

perature will be in the 50s and 60s.

Must Move Pesthouse

North Side Citizens Granted In-
junction by Judge Holt.Authorities Will Probably Select New
Location To-morrow—The Disease
Is in Mild Form and Pa-
tients Are Recovering.Judge Holt, of the common pleas court,
Kansas City, Kas., yesterday granted a
perpetual injunction against the city au-
thorities of the metropolis restraining them
from maintaining the pesthouse at the
corner of Ninth and Quindaro boulevards
and ordering the smallpox patients re-
moved to a new location. The health com-
missioners of the city and the board of police
commissioners will probably make arrange-
ments for the removal of the pesthouse to
some other location. The police board
last night but decided to postpone ac-
tion on the matter until Monday.Five new cases of the contagion were re-
ported yesterday and the affected people
were promptly placed under quarantine.
The form of the disease is very mild and
those who have been taken to the pesthouse
are rapidly recovering. None of the
cases are of a serious or dangerous nature.
The authorities are confident that they are
getting the disease in check and there is
no alarm among the residents of the city.
It is expected that the city will be free
of the disease in a few days. The pesthouse
will be closed and the patients will be re-
moved to a new location. The health com-
missioners of the city and the board of police
commissioners will probably make arrange-
ments for the removal of the pesthouse to
some other location. The police board
last night but decided to postpone ac-
tion on the matter until Monday.

be in the city. Mr. Wither will take an inspection

as he knew into the matter he was very

of the road, and he anticipated very few
changes. He would be in the city for a

much upon the superior knowledge of Mr. For-
dyce, as he was a man of vast experience
in that line of work.The receivers, until the suit to
foreclose the mortgage is brought, in the
movement of Pittsburg & Gulf matters that
the receivers will be in the city for a

Western Passenger Association Lines
May Come Together on the
New Agreement.CHICAGO, April 29.—So far as they have
yet gone, discussions among the Western
road in connection with the framing of a
new agreement for the Western Passenger
Association have been most harmonious.
All the clauses of the agreement have been
gone through, and no objection has as yet
been urged to their adoption. Surface indi-
cations, if they can be depended upon, war-
rant the belief that the new agreement will
go through, with all the clauses of the
road parties to it. Provisions relating to
the organization and government of the
various bureaus have yet to be taken up,
and there is where danger of difference of
opinion exists. Some of the clauses ex-
pressed that the whole document will be
ready for adoption by next Wednesday,
when the meeting will resume its delibera-
tions, but this is too sanguine a view to
take of the matter. Some of the clauses
will not be prepared to vote finally by that
time. At present there is every indication of
a strong agreement being adopted.To Preserve the Association.
ST. LOUIS, April 29.—At a meeting of the
Western Passenger Association, it was de-
cided that the association should be re-
organized, and that the Texas and Pacific
